What is the Comp Plan? And why does it matter?

The Vision: Planning an Inclusive City

“Growing inclusively means that individuals and families are not confined to particular economic and geographic boundaries but are able to make important choices – choices about where they live, how and where they earn a living, how they get around the city, and where their children go to school. Growing inclusively also means that every resident can make these choices – regardless of whether they have lived here for generations or moved here last week, and regardless of their race, income, or age.”

- **Policy FNS-1.1.1: Conservation of Low Density Neighborhoods.** Recognize the value & importance of Far Northeast & Southeast's stable single family neighborhoods to the character of the local community & to the entire District of Columbia.
- **Policy H-1.3.1: Housing for Families.** Provide a larger number of housing units for families with children by encouraging new and retaining existing single family homes, duplexes, row houses, and three- and four-bedroom apartments.
- **Policy ED-2.2.3: Neighborhood Shopping.** Create additional shopping opportunities in Washington's neighborhood commercial districts to better meet the demand for basic goods & services.
